services designed for teachers and students of mathematics at the K 12
level The Resource Room allows mathematics educators to share resources
having to do with math teaching Submissions are stored in a database that
can be browsed by educational level and curriculum strand or searched by
keyword

Note on the use of History in the teaching of Mathematics

January 26th, 2019 - If Mathematics as a current scientific field is
independent of its history as discussed a fortiori the teaching of
Mathematics does not formally necessitate the use of the History of
Mathematics Such use therefore can only be justified by pragmatic
considerations for example bringing about a stronger student motivation
and thus improving the quality of their learning

Math Teacher Resources Lesson Plans Games amp More

February 13th, 2019 - Reflections of a High School Math Teacher offers a
great discussion of mathematics in real world application Each post is a
true mathematical look at real life and the applications tend to differ
from what you find elsewhere Dividing by Zero is great for middle school
math teachers looking for a blog that is focused on math and the classroom
This savvy blogger shares the triumphs and struggles of teaching middle
school math and describes the different activities she has tried while
teaching
